

Doing anything to diminish the success of the NJ 'DO NO CALL LIST' is a step backwards. Telemarketers are no more than a legalized invasion of privacy. Most calls I personally experienced came at hours early in the morning and late at night. When the phone rings unexpectedly at those hours, the first thing racing through your mind is a family emergency. Telemarketers have no respect for privacy and are rude beyond belief. Leave NJ laws alone and use NJ as an example to be followed.
